• 12Th Board : 85.14 PR	
Class 10	2021
Javiya Schooling system, Junagadh, India	
• 10th Board : 92.73 PR	

PROJECTS

Smart Healthcare Assistant: Chatbot & Video Appointment System

- Designed and implemented an intelligent healthcare chatbot integrated into a user-friendly Web platform, allowing patients to chat with the system for symptoms or queries and book doctor appointments via video conferencing. Handled both the conversational flow of the chatbot and the complete front-end development.

CHARUSAT lor system

- The Letter of Recommendation Mobile Application is designed to simplify the process of requesting and managing recommendation letters for college applications. The app allows students to send requests to teachers, track request status, and manage deadlines in one place. Teachers can review requests and submit recommendation letters securely through the app. This project aims to save time, reduce manual effort, and improve communication in the recommendation process.

CERTIFICATIONS & AWARDS

- Data Structures And Algorithms using Java by NPTEL.
- DataBase Management System by NPTEL.

SKILLS

Languages

- C/C++ , Java, Python
- Front-end : React ,HTML ,CSS
- Back-end : Node.js

DataBases

- MySQL ,MongoDB, PostgreSQL
